

# APPENDIX J: PUBLIC HEARING NOTIFICATION

---

## J.1 Public Hearing Notification

Per the YLWD's requirements for conducting a Public Hearing, YLWD advertised the Public Hearing for the Urban Water Management Plan in the local newspaper for the two weeks prior to the December 22, 2005 Board Adoption.

## J.2 Notice of Adoption

In addition to newspaper notification, the Yorba Linda Water District sent the following letter to the listed agencies to announce the availability of the draft and the availability for review:

*Dear Agency:*

*California's Urban Water Management Planning Act requires the update of Urban Water Management Plans (UWMP) every five years. (Additional information regarding UWMPs can found at [www.owue.water.ca.gov/urbanplan](http://www.owue.water.ca.gov/urbanplan)). Accordingly, the Yorba Linda Water District is in the process of preparing its 2005 UWMP.*

*The UWMP outlines how the District will meet current and projected water demands within its service area, with emphasis on water conservation and the continued use of groundwater to provide its customers a reliable, high quality supply of water. The 2005 UWMP will form the basis of analysis for available water supplies relative to urban planning for potential developments.*

*The Draft 2005 UWMP is currently available for public review and comment. A copy of the Plan is on file in the office of the District's general manager. There will be a public review period and a public hearing to receive comments on the draft document prior to consideration by the Board of Directors. The public hearing will be held on Thursday, December 22, 2005 at 8:30 a.m. in the District's offices located at 4622 Plumosa Drive in Yorba Linda.*

*If you would like to have a copy of the draft 2005 UWMP to review, please contact me at the District office. All comments must be submitted to the District by December 22, or be provided at the public hearing.*

*Sincerely,*

*Michael J. Robinson*

*Assistant Administrator / Public Information Officer*
